Key Messages this week

1. VJ DAY Commemorations

Taunton's 40 Commando Royal Marines and the Mayor of Taunton hosted a COVID-secure service to commemorate the 75th anniversary of VJ Day. The event to recognise Victory over Japan, marking the end of the Second World War, took place on Saturday 15 August at the 40 Commando base in Norton Manor Camp.

Attendees included the Deputy Lord Lieutenant of Somerset, The High Sheriff of Somerset, and Civic leaders from SWT and Somerset County Council alongside serving Armed Forces personnel and veterans.

Whilst VE Day (Victory in Europe) marked the end of the war in Europe in May 1945, many thousands of Armed Forces personnel were still engaged in bitter fighting in

the Far East. VJ Day marks the day Japan surrendered on the 15 August 1945, which in effect ended the Second World War.

Taunton's VJ Day commemoration thanking them for their service and sacrifice is traditionally held in Vivary Park but COVID-19 restrictions have meant changes to the format of many Civic events this year. 40 Commando agreed to hold the event at Norton Manor Camp with a service and small reception for up to 30 people. The wet weather didn't stop proceedings with a quick move indoors for the service followed by the placing of wreaths in the Memorial Garden.

A short video of the wreath placing has been uploaded to SWT YouTube channel can be found [here](#). The Mayor also placed a wreath at the Memorial in Vivary Park.

5. Parking charges set to resume

Charging will be reintroduced in Somerset West and Taunton owned car parks from Monday 31 August.

The Council introduced free parking at the start of the Coronavirus lockdown and extended the offer as part of its wider plan to support the re-opening of High Streets and help rejuvenate the local economy.

It has taken the decision to start charging again in line with other district councils in Somerset, although key health workers who display permits provided by their NHS Trust can continue to park for free.

Signage will be placed in the car parks reminding people that charges now apply.

All SWT car parks are now fully open except Paul Street Car Park where the top three levels remain closed until they can be opened safely under Covid-19 guidance.

SWT recently reopened levels 2 and 2A providing an additional 37 car parking spaces for Blue Badge holders and enabling the Shopmobility Taunton service to resume. The Shopmobility service run by Compass Disability Services, is open from 11.30am – 3.30pm on Tuesdays, Thursdays and Fridays. More information can be found on their website <http://www.shopmobilitytaunton.org.uk/>

6. SWP Sites and Services

The Met Office has forecast some windy weather in Somerset over the next few days, so Somerset Waste Partnership has issued some top tips to help you stop your recycling and rubbish escaping with these simple steps:

- Squash all materials except glass and aerosols
- Stack recycling boxes with the lighter one below, the heavier one above, and the locked food bin on top
- If possible, put waste containers in a sheltered yet visible spot
- Put recycling and rubbish out just before 7am on the due date.

Other options worth considering:

- Put out only what you are sure will stay secure and, if you have space, store the rest for next time
- If you have time and transport or help from friend, neighbour or relative, take it all to a recycling site.

Partner Engagement – Key messages from other Public Service Areas

Somerset County Council (SCC)

Highway Maintenance Update

SCC Highways are currently focusing on the routine tasks of gully emptying, safety defect repairs and patching. You may well also see the carriageway surface dressing team out and about, carrying out aftercare tasks on the dressings that were laid in June.

Weather conditions over the last couple of weeks have been (to say the least!) changeable. Some of these could have been described as seasonal and some most definitely not! The extremely hot temperatures of the previous week ended inevitably in a series of thunderstorms running over several days. On this occasion SCC Highways didn't have any issues with melting roads; however, they did experience a number of issues with flash flooding at localised places across the Somerset West and Taunton district area.

After a brief interlude, a deep Atlantic Low barrelled in from the west named "Storm Ellen". These are conditions more typical of autumn. In August, though, with trees still in full leaf, very windy weather such as that caused by "Ellen" can be very disruptive by bringing trees down and snapping off branches. SCC Highways have road crews available during normal working hours and also out-of-hours to deal with and clear up anything that falls on to the road. They also have specialist tree surgeons available too, if heavier equipment, such as chainsaws, are required.

Rural verge cutting on the "A" and "B" road network continues. More information on this can be found on the [Travel Somerset website](#).

For more information on highway maintenance works and to stay up to date visit www.travelsomerset.co.uk or follow @TravelSomerset on Twitter.

On the team's arrival in Minehead an update was received that the missing person who had been reported by family as overdue from an earlier dog walk, was in company with Police Officers on North Hill, Minehead safe and well.

Based on the initial information passed by the Police in line with HM Coastguard Watchet 'lost and missing persons search' (LMPS) training, the location of the missing person was within the planned search area. FAQS

Q. Should I be car sharing with a friend / colleague?

A. Commuters planning to car share are being advised to follow a set of rules to keep them and their passengers protected from coronavirus. People should limit sharing their car to people within their household or social bubble. But if that's impossible they should:

- share the transport with the same people each time
- keep to small groups of people at any one time
- open windows to allow air to circulate
- travel side by side or behind other people, rather than facing them, where possible
- try to keep as much distance as possible between each other

The driver should wear a face covering and ask their passengers to follow suit.

Good hygiene remains all-important – the vehicle should be cleaned between journeys, using standard cleaning products, with door handles and other areas people may touch cleaned thoroughly. At the start and end of each journey, remember to wash hands for at least 20 seconds if possible, or use a hand sanitiser.

Q. Can I go to the theatre or a concert?

A. You can now attend indoor and outdoor performances, for example dramatic, musical or comedy shows. If you are watching the performance, you should:

- sit with people from your household or support bubble
- socially distance from people you do not live with (or who are not in your support bubble)

Police Crime Commissioner (PCC) Sue Mountstevens and Chief Constable Andy Marsh Answer Questions

Last week Police and Crime Commissioner (PCC) Sue Mountstevens and Chief Constable Andy Marsh discussed anti-social driving, speeding, rural crime and careers in policing during their Facebook Video. If you missed it, please [click here](#) to catch up on the key points.

Avon and Somerset Police urges communities to look out for signs of domestic abuse

As lockdown measures continue to ease, Avon and Somerset Police is encouraging communities to look out for one another and know the signs of abuse. With more people out and about in social bubbles and contacting friends and family more frequently, it's important that we learn to recognise the signs of someone being abused, manipulated and controlled. Please [click here](#) to read more about how to recognise the signs that someone is being abused.

Avon and Somerset Police want to remind victims of domestic abuse that you are not alone and they can help you. They urge anyone who is in an abusive relationship, or anyone who suspects someone they know to be in an abusive relationship to call 101. If you or someone else you know is in immediate danger – call 999. If you can't speak, call 101 and dial 55, this will alert the phone operator who will put you straight through to the police.
